 Missouri Chapter**

Sunday, April 29 – *for activists who want to educate others*

3-5 pm: Workshop on **“How to Build and Deliver Compelling Presentations for Medicare for ALL”** Learn how your audiences hear what you’ve got to say, and learn how to build your skills at saying it. We’ll review practical principles of cognitive linguistics, discuss how to structure a presentation, and offer critical tips for building your comfort and skill at public speaking.

5-6 pm: Casual sandwich supper provided

6-8 pm: **“How Not to Use PowerPoint”** Many of us are focused on our content and overlook the fact that amateurish PowerPoint slides can corrode our credibility. We’ll review a number of easy techniques and help you past many of the common stumbling blocks. Our goal is for you to be able to have slides that truly match the content and message of your own presentations.

Monday, April 30 – *for the general public*

6:30-8 pm: **“Medicare for All: Simple, Prudent and Proudly American”** The United States has one of the world’s most successful health insurance systems — Medicare. The best way to protect this vital program is simple — improve it, and let every American in. This discussion will focus on the impact of Medicare for All on the the national economy, the business community, and every American.
