## Closing the Health Insurance Gap: A Social Justice Issue

Join the discussion at this informal community forum where we will explore the Jewish perspective in promoting advocacy on the expansion of Medicaid in North Carolina.

- Better understand the Affordable Care Act and the Medicaid expansion provisions.
- Learn how North Carolina's current situation affects the numerous individuals and families who remain uninsured due to the State Legislature and Governor's office's decision not to expand Medicaid.
- Discuss what we can do to promote health care insurance options for those who fall "in the crack."
- Our presenters will discuss what our responsibility is as Jews to respond to the needs of individuals who are less fortunate.
