 24 under the policy, including but not limited to provisions relating to deductibles and coinsurance.
 25 Deductibles and coinsurance for treatment in health care facilities or residential programs or facil-
 26 ities may not be greater than those under the policy for expenses of hospitalization in the treatment

- 12 (8) Nothing in this section prohibits a group health insurer from managing the provision of
13 benefits through common methods, including but not limited to selectively contracted panels, health
14 plan benefit differential designs, preadmission screening, prior authorization of services, utilization
15 review or other mechanisms designed to limit eligible expenses to those described in subsection (3)
16 of this section.
- 17 (9) The Legislative Assembly has found that health care cost containment is necessary and in-

- 21 (10)(a) Subject to the patient or client confidentiality provisions of ORS 40.235 relating to phy-

6 more restrictive than, those imposed on coverage or reimbursement of expenses arising out of other
7 medical conditions and apply them to contracting and noncontracting providers.

8 (12) Nothing in this section prevents a group health insurer from contracting with providers of
9 health care services to furnish services to policyholders or certificate holders according to ORS
10 743.531 or 750.005, subject to the following conditions:

11 (a) A group health insurer is not required to contract with all eligible providers.

12 (b) An insurer or health care service contractor shall, subject to subsections (2) and (3) of this
13 section, pay benefits toward the covered charges of noncontracting providers of services for the

15 subsections (2) and (3) of this section, have the right to use the services of a noncontracting provider
16 of services for the treatment of chemical dependency or mental or nervous conditions, whether or
17 not the services for chemical dependency or mental or nervous conditions are provided by con-
18 tracting or noncontracting providers.

19 (13) The intent of the Legislative Assembly in adopting this section is to reserve benefits for
20 different types of care to encourage cost effective care and to ensure continuing access to levels
21 of care most appropriate for the insured's condition and progress.

22 (14) The Director of the Department of Consumer and Business Services, after notice and hear-
